SECTION 2. The unexpected balance of any item of appropriation in this Ordinance may be expended in making up or adding to any insufficient amount of any other item.

SECTION 3. Any balance not used or needed for any of the foregoing items may be and is subject to further appropriation or transfer from and to the other item or items by appropriation resolution of the Board of Commissioners of the Forest Preserve District of Kane County.

SECTION 4. This Ordinance shall be in full force and effect from and after its passage, approval and publication as required by law.

APPROVED AND PASSED this 12th day of May, 2026.

APPROVED:

President, Forest Preserve District
of Kane County

ATTEST:

Secretary, Forest Preserve District
of Kane County

AGENDA MEMORANDUM

DATE: April 27, 2026

TO: Finance & Administration Committee

FROM: Benjamin Haberthur, Executive Director
David Petschke, Chief Financial & Administrative Officer

SUBJECT: 2026-2027 Proposed Appropriation Ordinance & Budget

PURPOSE:

The purpose of this memorandum is to provide the Committee with information regarding the approval of the proposed Appropriation Ordinance and Budget for Fiscal Year 2026-2027.

BACKGROUND:

2026-2027 Proposed Budget

The proposed budget represents a consolidated effort of all staff in maintaining very tight controls on expenditures within the District. Prior year trends were reviewed and a priority analysis of new initiatives/purchases was conducted to determine the best uses of the funds available. Summary highlights of the requested initiatives are below.

GENERAL FUND

The General Fund's revenues are expected to decrease 3.77%, going from \$14,051,168 in the current year to \$13,521,089 for FY26-27. The largest changes in revenues are:

- Property Tax – Increase of \$180,337 – This is due to the Commission approving both new construction and the CPI increase from the prior year's levy. This year's General Fund budget also includes a revenue recapture, consisting of \$115,198 that is added to the levy by Kane County to recoup any previous tax year calculation errors.
- Rentals Agricultural – Decrease of \$842,472 – The District committed to reduce leased agricultural land following the successful operating referendum in November 2024. As part of this commitment, the FY26–27 budget shifts the majority of revenue generated from agricultural rentals to the Construction and Development Fund. The remaining agricultural revenue currently within the General Fund (\$179,926) is expected to be removed in the following fiscal year and likewise transferred to the Construction and Development Fund. This reallocation of agricultural revenue will significantly enhance funding for capital projects within the Construction and Development Fund until the time the District is able to restore those lands to their

native habitats. This shift of revenue to the Construction and Development Fund will also eliminate the long term dependence on that revenue source that was previously required in order to balance the General Fund.

The General Fund's expenses are expected to decrease 5.75%, going from \$14,586,848 in the current year to \$13,748,674 for FY26-27. Expenses of note are as follows:

- Increase in Wages and New Positions- \$507,876 (7.67%) –
Over the past two fiscal years, the Commission has adjusted the compensation model and placement of employees within the compensation model to help retain staff and reduce turnover due to higher pay at other neighboring governmental agencies.

The new compensation model has placed employees' pay closer to the regional average of pay for each position compared to other local agencies, however the District was limited in the ability to award longevity compensation to employees whose years of service in their current position were greater than the closest step to their current pay on the compensation model. To fully address this for Fiscal Year 2026-2027, the District would like to offer a longevity step adjustment to employees who: a) qualified for their performance based annual step increase and b) their years of service in their current position were greater than the step they are placed. The estimated cost for the additional longevity step will be approximately \$29,909, or a 0.45% increase from the prior year's total budgeted salaries. The leadership team is not eligible for this additional longevity step to ensure it is within budget for the District.

The District is projecting that the annual performance-based step advancement on the new compensation model will increase salaries by an additional \$312,743, or a 4.72% increase compared to the prior year's budgeted salaries. This increase will include a performance-based step of 2.5% if the employee qualifies based on their performance. It will also include an economic factor adjustment to all grades in the compensation package of 2.7% to keep wage ranges competitive with other local agencies.

Included in this budget are new and reclassified positions in the amount of \$314,501. The increase is reduced by the elimination of the Deputy Director position which was \$149,277. This resulted in a net increase to salaries in the amount of \$165,224, or a 2.5% increase from the prior year's budget. The new and modified positions include:

- (4) New full-time positions including:
 - Ranger Assistant position, South Operations Department
 - Restoration Technician, Natural Resources Department
 - * Financial Analyst, Finance Department
 - * Project Manager, Planning and Land Protection Department

-
- (1) *New full-time position, which was previously a part-time Stewardship Specialist position, Natural Resources Department.
 - (4) Reclassifications of current full-time positions including:
 - * “Wildlife Technician” to “Wildlife Biologist”
 - * “Director of Finance” to “Chief Financial and Administrative Officer”
 - * “Accounting Manager” to “Assistant Director of Finance”
 - * “Accountant” to “Accounting Supervisor.”

**Positions created/modified during Fiscal Year 2025-2026.*

- Health Insurance Premiums – Increase of \$403,701 – (HMO 26.2%, PPO 18.1%) – The overall cost of health insurance premiums increased with the HMO plan increasing 26.2% and the PPO plan increasing by 18.1% for the upcoming fiscal year. Currently, 44% of the employees participating in the health insurance program elected to enroll in the HMO plan, 44% have elected the PPO plan, and 11% of employees have waived District provided health insurance. This overall increase was incorporated into the budget with an increase from the prior year budgeted health insurance costs of \$403,701, or a 38.09% increase based on current elections for coverage and the coverages offered to new full-time employees.
- Vehicles - \$359,500 – Consisting primarily of three replacement F250 trucks for a combined increase to Operations - \$229,500. Two replacement F150 Interceptors for a combined increase to Public Safety - \$130,000.
- Machinery & Equipment - \$397,500 – Consisting primarily of four replacement wide area zero turn mowers for a combined - \$68,000 for the Operations Department. one new 4x4 UTV - \$14,500, one Schulte XH1500 mower replacement - \$47,000, a replacement ASV PT-100 Forestry Compact Track Loader - \$128,000, and a replacement John Deere Utility Tractor for the Natural Resources Department. The remainder of the budget is for other smaller machinery or equipment purchases.
- Carry-Over Capital Requests from Prior Year - \$227,585 – The General Fund balance is projected to increase this year due to several capital requests for vehicles being budgeted, but not purchased, due delivery delays caused by the lack of available inventory. This was due to the ongoing vehicle production lag caused by part shortages. These carry-over items are detailed on the summary of additions in the General Fund and are the specific reason for an intentional deficit budget balance in the current fiscal year.

-
- Interfund Transfers - Decrease of \$1,436,838 – Increased property taxes levied within the IMRF, Insurance Liability and Social Security Funds reduced the need of the interfund transfers going out of the General Fund in FY26-27. The General Fund had historically transferred money to each of these Funds to comply with the Fund Balance Policy. Due to the consistent need in these Funds, a larger amount was levied and will continue to be levied directly within each of these Funds in subsequent years. There is an interfund transfer budgeted in the General Fund to ensure the District can comply with the Fund Balance Policy after actual expenditures are determined within those Funds.

In the prior year, the General Fund contributed \$1,000,000 to the Land Acquisition Fund to ensure that a total of \$2,500,000 in property tax revenue was dedicated to acquiring and protecting land in Kane County.

In the current year, the full \$2,500,000 will be transferred directly from the Construction and Development Fund. This change is due to the Construction and Development Fund's reduced obligation to support the Wetland Mitigation Bank Fund's expenditures. The Wetland Mitigation Bank now holds sufficient funds for future construction and monitoring, eliminating the need for additional transfers.

CONSTRUCTION & DEVELOPMENT FUND

A total of \$5,460,200 in new projects or additional funding of current projects is being proposed within the Construction & Development Fund. Project highlights are as follows:

- Muirhead Springs Overlook Construction - \$2,200,000 (This project was part of the 2024 referendum promise to Kane County residents. The District also received an OSLAD development grant in the amount of \$600,000 for the construction of the overlook.)
- Fox River Trail Renovation & Resurfacing – new money \$825,000, remaining project cost of \$1,576,312.
- Fabyan Forest Preserve Various Historic Structural Improvements- \$353,500
- Burlington Forest Preserve Bison Reintroduction – new money \$275,000, remaining project cost of \$258,656.
- Fox River Fen Restoration - \$100,000
- Grasshopper Prairie Restoration at Sauer Family Prairie Kame Forest Preserve- \$125,000

The District budgeted a transfer of \$2,500,000 in FY26/27 from the Construction and Development Fund to the Land Acquisition Fund as a result of the increased funding after the voter approved 2014 operating referendum. These transferred funds are committed to acquire and protect land in Kane County.

The Construction & Development Fund also includes the budget for golf course operations, encompassing both revenue and expenditures for activities at Settler's Hill Golf Course and Hughes Creek Golf Course. As previously presented to the Commission, under the new management agreement with Landscapes Golf Management (LGM), the District is now responsible for all financial activity at both courses.

LGM has submitted an annual budget projecting a net operating profit of \$647,824. However, this projected profit will be offset by planned capital improvements, capitalized equipment purchases, and an annual lease for golf cart GPS units, totaling \$746,800 for the 2026-2027 fiscal year. Additionally, there is a carryover of \$359,681 in expenses from previously budgeted projects at both courses.

As a result, the District anticipates a deficit of \$458,657 as a result of the golf activity in fiscal year 26-27. Since the removal of the previous golf management company, the District has been committed to invest in the capital improvements required to bring the golf courses up to the standard expected by the golf community and to remain a popular amenity in Kane County.

Appropriation Ordinance

The amount appropriated differs from the budgeted amount by 10%. It is common among municipalities to appropriate more than the amount budgeted by fund to allow for any unexpected expenditures that may arise during the fiscal year while keeping the District in compliance with state statute. Management monitors and reports its financial performance based on the amount **budgeted** and not appropriated. This practice was implemented in the 2012-13 budget cycle and has continued each year.

RECOMMENDATION:

Staff recommends that the Committee approve the proposed budget and Appropriation Ordinance as presented.
