Summary:

In 2022, staff completed the QBS process to select Wight & Company for Phase III Construction Engineering Services for the proposed Dauberman Road Extension improvement.

Per the contract warranty provisions, the contractor has the option to replace plantings that did not survive the initial planting during the following growing season. This Supplement provides the necessary funds for additional Phase III Construction Engineering Services to inspect the new plants prior to install and oversee the planting process. This Amendment also extends the term of the agreement to allow for adequate time to prepare the final reports necessary for contract closeout with IDOT.
