Summary:

This resolution authorizes contracts with Alarm Detection Systems, Inc., Scientel Solutions, LLC, and Convergent Technologies, LLC for camera and access control systems (RFP#26-013-DH). Eight proposals were received through a competitive process, and these vendors were selected as the most responsive and responsible. Using multiple vendors provides flexibility while maintaining consistent security standards across County facilities. The contracts are for a three-year term, with two optional two-year renewals. Funding is included in the FY2026 operating budgets of the departments utilizing these systems, with costs not to exceed \$750,000 per fiscal year. Approval will support ongoing security and building access needs across Kane County facilities.
