### **Summary:**

The Randall Road at Hopps Grade Separation project consists of the construction of a bridge over the Canadian National Railway, mechanically stabilized earth walls, earth excavation, construction of storm sewers and water main, HMA and PCC pavement, curb and gutter, multi-use path, new traffic signals, tree removal, erosion control and landscape restoration all which will improve traffic flow and safety.

Utilizing the Qualifications Based Selection process, KDOT received 10 Statements of Interest (SOI) from qualified professional engineering firms. The SOIs were reviewed, 3 firms were shortlisted and interviewed, and Alfred Benesch and Company were selected. Staff negotiated a Phase III Engineering Services agreement with Alfred Benesch and Company for \$5,199,364.00. Fifty percent (50%), or \$2,599,682.00, will be funded with Federal funds.

Staff recommends approval.
