### **Summary:**

Due to increasing traffic volumes along Randall Road KDOT staff is in need of professional engineering services to conduct a Phase I engineering study at the crossing point of two major traffic corridors in western Elgin, the Randall Road at US 20 interchange. The project study area encompasses the Randall Road Corridor from South Street to Brookside Drive including the two signalized US 20 ramp intersections.

Staff recently completed the consultant selection process and negotiated a locally funded contract with BLA, Inc. for Phase I engineering design services for an amount not to exceed \$3,945,017.00. Details regarding the KDOT selection process can be found on the KDOT website.

Staff recommends approval.
