Steve Coffinbargar, (630) 406-7170

Budget Information:

Was this item budgeted? YES	Appropriation Amount: \$501,534.33
If not budgeted, explain funding source: N/A	

Summary:

KDOT will utilize \$240,000 of federal State Planning and Research funds to develop a plan that follows best practices in asset management. We want to look at new practices and available technology to develop, operate, and maintain our transportation system in order to achieve the greatest possible economic, environmental, and social benefits from that investment. This work is the foundation for a multi-part process in developing a fully functioning asset management program for KDOT.

Staff utilized the QBS process to select and negotiate an agreement with AECOM for \$501,534.33 to develop an asset management program for KDOT.

Staff recommends approval.
