**Summary:**

This resolution authorizes the Kane County Board Chairman to execute a two-year contract extension with Defin.net Solutions for consulting services and project management, as detailed in RFP #05-020 (Resolution No. 20-35). Defin.net Solutions, selected through a competitive bidding process, has consistently delivered high-quality services to the County, demonstrating extensive knowledge of its systems and facilities.

This contract extension, which is the second and final of two available extensions, will be provided on an "as-needed" basis for all County offices and departments. The not-to-exceed amount for the extension is \$400,000 per fiscal year, funded primarily through the Judicial Technologies Sales Tax and Public Safety Sales Tax Funds, with additional funding from various other County resources. The extension ensures uninterrupted service, enabling the County to maintain efficient operations and successfully implement projects.
