Summary:

This resolution will authorize the approval of select vendors to provide future technical services at the discretion of the Development and Community Services Department. The Department anticipates the need for contractual service providers to coordinate forthcoming grant-funded agriculture and economic development projects. The Department has reviewed the respondents to a Request for Qualifications and is recommending two qualified service providers. Establishing a qualified group of project vendors will allow the Department to more expediently onboard needed specialists based on their vetted expertise to address emerging project needs.
