6. PUBLIC COMMENT

Vice Chairman Roth invited the public to speak.

Mr. Mark Adamian voiced objection to the urban blight of slot machine signage to his community and asked that an ordinance be revised. He stated that prayers should not be said before board meetings and reported it to the Attorney General, voicing concern that he cannot trust the board to "do right" behind closed doors. He threatened to seek a FOIA request for the prayer videos of the board's meetings and submit them to the Attorney General.

Michelle Bettag, St. Charles, voiced objection to the upcoming retail tax referendum on the April ballot when the county was proclaiming this month as public awareness for poverty and when the state was already the highest taxed state in the country. She asked for a proclamation for Christina and Damian Chavera (phonetic) of Geneva, who were murdered on December 26th by an illegal immigrant. Lastly, she reported Kane County school districts were notified by World Relief that the districts will be receiving many illegal immigrants in the county due to the City of Chicago wanting to distribute them. It was not fair to the county's citizens.

Brian Anderson, Sugar Grove, asked the board, and each of its committees, to review, research and reduce its budget, discussing the state's \$3B dollar shortfall and the fact that the Cities of Elgin and Aurora are among the nation's highest taxed cities. He asked to cut costs in the health and transportation departments.

Jenine Mehr, Elburn, discussed the budget that was approved was approved by board members who did not understand it. Naming those board members who approved the budget, Ms. Mehr pointed out those board members voted for economic instability and voted against fiscal responsibility. However, for those board members who voted to not support the budget, they stood for the citizens. The approved budget was going to add to poverty of this county and yet this county was recognizing Poverty Awareness

Month, which was acting against the proclamation.

7. CHAIRMAN'S COMMENTS

None.

11. ZONING PETITIONS

A. Petition # 4645 Petitioner: Dundee Renewables, LLC [TMP-24-3207](#)

Development Chair Williams reviewed the petition, noting the request was for a special use for a solar panel field. The ZBA supported the proposal with conditions. It was noted the Village of Algonquin did object initially, but after submitting its objections to which the petitioner did agree to, the conditions were incorporated into the Zoning Board's recommendations.

12. RESOLUTIONS, ORDINANCES, AND OTHER SCHEDULED MATTERS

Approving a FY25 Budget Adjustment to the Enterprise Surcharge Fund for the Implementation of a USDA Composting and Food Waste Reduction Grant Program

[**25-002**](#)

Member Iqbal noted two minor scrivener's errors. **Motion by Bates, second by Strathmann to correct two scrivener's errors in the resolution. The Board approved the two corrections by unanimous consent.**

Member Iqbal voiced that money was being provided to the contractor without any accountability. He inquired as to what was the cost/benefit analysis to the county and who was responsible for the compost, wherein Member Bates explained the funds were being paid by a USDA grant, not the county's general fund. The contracts would be returning for the board's review. Bates hoped more interest would be generated by the compost program and that it would eventually become a self-sustaining program.

Authorizing Contract Extension of Aerial Orthoimagery

[25-010](#)

Member Iqbal notes in Article 10 of the contract the language appears to be vague and places a burden on the consultant. ASA Frank indicated the contract language was common and the carrier would have the insurance. Mr. Iqbal believed there should be a policy change in the future with the requirements being more specific. Staff had no concern with the terms of the contract; nor did ASA Frank. Regarding the copyright provision (pg. 147, Sect. 15), Mr. Iqbal felt a copyright lawyer should review the section. ASA Frank offered to work with Mr. Iqbal on this matter outside the meeting.

Ratifying an Emergency Purchase Affidavit for the Purchase of Fiscal Management and Staff Training Services for the Office of Community Reinvestment

[25-012](#)

Surges raised concern about emergency funding becoming problematic due to the budget and believed this (grant) matter was addressed at previous meetings. It was in violation of the county's purchasing rules. Also, no emergency affidavit was attached to the resolution. (Tarver steps away 12:34 PM; returns 12:37 PM.) ASA Frank retrieved a copy of the emergency affidavit and asked Scott Berger to explain what the emergency was.

Office of Community Reinvestment Exec. Dir. Scott Berger explained the nature of the emergency which was to ratify the contract to secure supportive services from the firm of Kerber, Eck & Braeckel, in Springfield, Illinois (as recommended by the Dept. of Commerce and Economic Opportunity). If the contract is not approved, his office will be heavily understaffed to provide services. He would revise the affidavit accordingly.

B. Approving County Board Personal Expense Voucher Reimbursement Request[25-024](#)

Sanchez recommended the board make its policy more clear and to have the matter addressed at the next Finance Budget Committee meeting. Molina asked that in the future the resolution or the executive summary include the total amount allocated/spent for the budget so the board knows what remains in the budget for conferences. For the policy suggestion, she suggested that board members requesting reimbursement should explain the reason where they went, why they attended, how it affects the County Board, and what recommendation they have moving forward. Another suggestion was to have any request pre-approved.
