Summary:

In 2021, staff executed an agreement with Thomas Engineering Group, LLC, for On-Call Traffic Safety Engineering Assistance services, not to exceed \$400,000.00. The terms of this agreement will expire in June 2024. Unobligated funds are still available for use under the original agreement and various approved task items remain open and are actively working towards completion. Therefore, staff is suggesting to extend the term of this agreement for another 5 months. This will permit additional time to expend the allowable funds and provide sufficient time to complete all of the approved task items within the agreement.

Staff recommends approval.
