Summary:

This resolution repeals Resolution 22-439 which combined the positions of Executive Director of Information Technologies and Executive Director of Building Management and restores the two separate positions that existed prior to the passage of that resolution, both of which would be accountable to the County Board.

The incumbent would be restored to the position of Executive Director of Information Technologies and would retain his current salary.

A vacancy would be created in the position of Executive Director of Building Management which would need to be filled pursuant to the procedure set forth in County Code 2-48 for the Hiring of Executive Directors upon passage of an Ordinance to codify the separate positions.
