Budget Information:

Was this item budgeted? N/A	Appropriation Amount: \$N/A
If not budgeted, explain funding source: N/A	
Was this item passed through the appropriate committee? Yes	

Summary:

Resolution to authorize a reimbursement agreement between The Battery Network, Inc. and Kane County whereby The Battery Network will reimburse Kane County 20 cents (\$0.20) per pound of batteries collected at its Recycling Center and at various other recycling events. Batteries are collected through the new Illinois Battery Stewardship Act program at no direct cost to Kane County for containers, transportation or processing. Reimbursement is intended to recoup the County's labor and facility costs. It is estimated that the program will collect at least 14 tons of batteries during its first year, generating \$5,600 in unbudgeted revenue for the Recycling Program. The agreement, provided by The Battery Network, has certain non-standard language related to limited liability and indemnification that should be understood and approved by County Board.
