### **Summary:**

Resolution to establish Kane County support of a statewide carryout bag fee that would result in a portion of the funds collected being transmitted to Kane County to support the continued development and implementation of the Kane County Solid Waste Management Plan. It is estimated that the total amount received by Kane County in the first year of implementation would be in the range of \$1,000,000 - \$3,000,000, based on national and local bag use data. Receipt of such funds would offset expenses currently borne by the County's General Fund and other limited funding sources, such as the Enterprise Surcharge Fund and Riverboat Grant Fund, and would greatly improve the strength of the Recycling Program.
