Summary:

KDOT staff utilized the QBS process to select Ciorba Group Inc. for professional On-Call Phase III Engineering services in 2023 which was required due to recent staffing changes and work load. The agreement is for three years and was approved by the County Board in June 2023.

As part of these services, Ciorba Group Inc. completed construction observation services for two construction contracts: Orchard Road at Countryside Avenue and Montgomery Road at Virgil Gilman Trail. Given that KDOT's Construction Section remains short handed and two large ongoing projects are tying up senior staff, we require an experienced consultant to help with the daily inspection for the upcoming Fabyan Parkway at Western intersection reconstruction to occur during 2024.

Based upon the fine work that Ciorba did last year and the need for assistance with the intersection improvement, KDOT staff recommends adding more funding to the existing agreement with Ciorba to cover this larger project. Amendment #1 will allow for Ciorba Group to perform proper construction observation services for the intersection improvement project which is estimated to last 8 to 9 months. The amendment increases the upper limit of the contract by \$350,000.00 for a total compensation limit of \$500,000.00.

Staff recommends approval.
